*India has elected twice the radical government which opposes the conversation and the spreading of the Good-News. There are other nations also rejecting the gospel and the mission works. Yet, more souls are saved and new churches are forming every month. There is a price still to pay for being an active Christian in India as well as other nations today. We are going through every open door as quick as we can! The cries of help in strategic places are great. We want to do more : support national pastors monthly, print more materials to help the disciples and train leaders, and supply more equipment to the national workers to aid their outreach ministry. We need your help. Your praying and giving makes it all happen! We want you to realize that this ministry is you ! Without your generosity and faithfulness, it would not happen. But God has chosen you ! **TOGETHER** we pool our strengths and resources and help to win millions of souls. We are making an impact !*
